

MISSION SEEK FULL PARTNER PACKAGE

Mission Seek provides a platform that brings current opportunities in cross-cultural mission together in one searchable portal, and connects those seeking their place in God's mission with mission agencies that match their skills, experience and passions.

These enquirers are strongly encouraged to enter their "personal profile" using the Mission Matching Service and check out their resulting "matches" with Partner Agencies.

Full Partners have full access to the Mission Matching facility and Enquirer Database in order to be very proactive about searching for, and contacting possible recruits. They can take the initiative to contact enquirers.

There is an annual subscription fee to be a Full Partner of Mission Seek.

Features of the Full Partnership Package:

- Agency Description, Contact details and web link
- An unlimited number of Opportunities advertised
- An unlimited number of Short term teams advertised
- Agency information used as enquirers' profiles are matched with the agencies
- Detailed Agency information displayed for enquirers
- Access to all enquirer's profiles who have agreed to a privacy clause allowing agencies to view their data
- Ability to conduct individualised searches on the data base using a variety of parameters
- Mission Matching Service – each enquirer's profile is matched against your agency and you have access to these results as does the enquirer
- Opportunities and Short Term Teams featured on Mission Seek front page for a pre-determined time frame.
- Extra features available on further development of the site.

For further information contact Jan the Mission Seek Administrator at mms@missionsinterlink.org
